Dear Lyn Romano,

Thank you.

Your donation to the American Cancer Society is more than a financial gift. It is a lifeline for the entire cancer community and one more step toward a future without cancer.

About 1 in 3 people in the US will be diagnosed with cancer in their lifetime. Your gift is funding breakthrough research, offering much-needed patient programs and services, and providing cancer information and assistance through our 24/7 helpline.

On behalf of those affected by cancer, those living with it, and those in the fight against it, thank you for your support of the American Cancer Society. Because of generous, passionate donors like you, we are able to make a difference in the lives of people suffering from cancer today, and those who may face it tomorrow.

If you would like to learn more about the American Cancer Society, get involved in our lifesaving mission, or get help for you or a loved one, please call 1-800-227-2345 or visit cancer.org.

Thank you again for helping us save lives and lead the fight to end cancer.

Warm regards,

William G. Cance, MD
Chief Medical and Scientific Officer
American Cancer Society
