04/04/2025

Dear Heavenly,

On behalf of everyone at the American Heart Association (AHA), please accept our utmost gratitude for your generous donation on 03/28/2025. Your gift is helping fund the next big medical breakthrough ... and your continued support allows us to go even farther in the fight to save lives from heart disease.

AHA has been able to fund more than \$5 billion in breakthrough medical research since 1949 because of generous support from caring donors like you. This has led to lifesaving discoveries like the first artificial heart valve, implantable pacemakers, and many others.

We are changing outcomes for millions of Americans impacted by heart disease in Golden Bridge and communities all across the country through vital research, educational programs and improved quality of care in hospitals. Yet there is more we can do ... together!

I am honored to call Heavenly Brickks a friend of the American Heart Association.
THANK YOU FOR MAKING A DIFFERENCE!

Sincerely,

Mitchell S. V. Elkind, MD, MS, FAAN, FAHA
Chief Clinical Science Officer

P.S. Visit www.heart.org to learn more about how your support is making an impact in our fight against this highly preventable killer.

Your contribution may be tax-deductible, in that no goods or services were exchanged for it. This letter is an acknowledgement of your gift.

This seal signifies that the American Heart Association-National meets the BBB Wise Giving Alliance's Standards for Charity Accountability.
