Dear Heavenly Brickks,

You are the blessing we need. Because of your kind heart, hope will help your neighbors through the holidays. Your compassion helps them to keep pushing forward. Thank you!

**You make the world a better place.**

Why? Every person and every moment, of every day at Volunteers of America is touched by your kindness. We are grateful to you for bringing us together and inspiring change, especially this holiday season. More people will reach well-being, and because of you the door remains open for more to come.

**You give hope, opportunity, and love.**

During this incredible moment in our history, your generous heart is building a safe place for every person who needs help to grow and thrive. The moment your heart decided to help, you became a lifeline for families struggling to rebuild their lives following their crisis brought on by coronavirus.

**Because of you, hope and new beginnings are here to stay.**

Gratefully,

Dolores Swirin-Yao  
 Vice President, Development
