Dear Lyn,

On behalf of the Metro Care and Share Society (MCSS), it is my pleasure to thank you for your generous donation to the Halifax Scholars Program. With your assistance and others like you, we are currently sponsoring ten youths from low-income families to pursue their dreams of going to university by paying their tuition and living costs. We couldn't have made this initiative successful without your help.

To further raise funds for this important initiative, we have been fortunate to receive donations of miscellaneous items from a major supplier that we sell at our store located at 2710 Agricola Street. With these additional funds, we have been able to offset our operating/overhead costs. Thus, I would like to assure that your donation is being used to help fund our current scholars with our commitment to sponsor more youths in the future who have already made applications. Our goal is to fund as many at-risk youths as we can to help them cover their tuition and living costs as the means to help them achieve their post-secondary education. It costs an average of \$13,000 each year to put one of our scholars through a year of university. In order to meet this goal, we rely on donors like you.

Your donation will have great value to our Halifax Scholars Program. Please find attached the tax receipt to claim in your 2019 income tax return.

Thank you again, and we look forward to your continued support.

Sincerely,

Mel
