Dear Mrs. Romano,

Thank you for your recent gift to Northern Westchester Hospital in memory of Mr. Raymond M. Romano. We are deeply grateful for your continued generosity and partnership. As a nonprofit hospital, we rely on financial support from caring neighbors like you to continue to bring the highest quality patient and family-centered care to our community.

Innovation is taking place in every corner of the NWH campus – in our operating rooms, outpatient services at Chappaqua Crossing and our Community Health Education and Outreach Programs, which *you* help support. This year, you will help us:

- **Modernize our Surgical Services Suite** – the second phase in creating the most technologically advanced surgical space necessary.
- **Modernize our Interventional Radiology Suite** – this upgrade will ensure that life-saving interventions are available to patients who need it 24 hours/day, 365 days per year.
- **Educate nearly 15,000 community members**—from school age children to seniors—about how to make positive choices affecting their health and wellness.

Thanks to your continued investment in your community hospital, NWH was once again recognized by Magnet® for its commitment to nursing excellence and by Planetree® for its leadership in advancing a model of care that empowers patients and their families. We are honored to be one of only *five* hospitals worldwide that are both Planetree Designated with Distinction and Magnet recognized. Your generosity fuels our clinical excellence and we hope you take as much pride as we do in these achievements.

Sincerely,

Keeva Young-Wright  
President, NWH Foundation
