Dear Mrs. Brickks,

I want to express my sincere gratitude for your gift which we received on November 10, 2020.

Developing critical thinkers and creative problem solvers at all levels in the Marine Corps is key to finding success on the battlefield. The Marine Corps Association Foundation's programs, which would not exist without the support of our donors, help our active-duty and reserve Marines to be better leaders in every clime and place.

We are committed to honoring the professional achievements of Marines throughout the Corps. From individuals involved in recruiting and training to Marines demonstrating excellence within their military occupational specialties, we assist the leadership of the Corps in recognizing those outstanding Marines.

Thank you for supporting the professional development of Marines. Thanks to donors like you, we can continue to enhance the experience of, and make a difference in the overall readiness of, Today's Marines.

Semper Fidells,

Timothy S. Mundy
Col USMC (Ret)
