If you have recently sent in a gift, and our letters crossed in the mail, thanks so much for your support! Your records will be updated accordingly.

Dear Heavenly,

Your recent gift made such a difference for our nation's heroes!

Thanks entirely to exceptional friends like you, DAV serves more than one million veterans each year. Together, we share an unwavering commitment to the promise of helping veterans get the benefits they've earned. And the promise provides hope for the personal victories each veteran is seeking. Thank you for helping America's disabled veterans achieve more victories than you can imagine.

Here's what we often hear from the veterans you support through your generosity:

*"My victory was learning to enjoy life again." - Carmen McGinnis*

*"My victory is living life to the fullest." - Adam Greathouse*

*"My victory is being here for my kids." - Naomi Mathis*

Our veterans' triumphs are proof that their disabilities are not limitations to what they can accomplish!

I am reaching out to you again this year to share that an extraordinary partner of DAV is inviting you to join them in the 2021 Veterans Victory Challenge campaign. They will match your gift—and all gifts, dollar-for-dollar through December 31<sup>st</sup>, up to a total of \$500,000! It is our hope to raise a total of \$1,000,000 in a few short weeks to help build the capacity required to serve America's 4.7 million disabled veterans.

I ask you to consider answering this call to action and double the impact of your support for the men and women who have sacrificed so much for our freedom. As your gift and others are matched by our benefactor, we'll reach that \$1,000,000 mark before the end of this year.

Our partner has an unwavering commitment to the promise of helping veterans get the benefits they deserve. I know you share their passion for the cause because you too have given generously to give our wounded heroes the dignity and respect they deserve. The best way I know to illustrate the difference you've made in the lives of America's disabled veterans is to introduce you to one—Robert Sherman.

*"...living life to the fullest." - Adam Greathouse*
