Thank You!

Dear Mrs Romano:

Thank you for your gift. It lifts my heart to know you care. Please be assured it will be applied to the purpose intended and as per any special instructions you have requested.

The life-saving works of Salesians circling the globe could never be accomplished without the generous support of good friends like you. The three million plus children and families we serve have real hope for a brighter future because you cared and took action.

Your help also gives encouragement and moral support to our missionaries who, despite all the despair they encounter, still believe we can make a difference.

To you, therefore, goes a great part of the credit for the day to day good that is accomplished by our missions.

We are truly grateful to you and pray that the hope and happiness you help bring to others be returned to you.

With sincere appreciation,

Fr. Gus Baek
