Dear Friends of the Sacred Heart,

Thank you very much for your recent, very kind gift to continue the work of our volunteer program in the coming months.

Your generous financial assistance accomplishes so much and touches the lives of so many people. You make it possible for us to continue to make essential repairs to the homes of people – especially the elderly and handicapped – living in poverty. Building wheelchair ramps, replacing rotting floors, repairing broken windows and doors, fixing kitchen and bathroom plumbing problems make these homes more livable and helps to restore human dignity.

This gift also allows us to continue to welcome the many volunteers who come to do this life-changing work. The satisfaction of giving of themselves to help others is an important lesson for young adults to learn. This experience will help them become generous, self-giving adults.

On behalf of all the families whose homes will be repaired this summer and our volunteers, I want to thank you for your generous gift.

May the Sacred Heart bless and protect you and your family. I will remember you, your loved ones and your special intentions in my prayers.

Sincerely in the Sacred Heart,

F. Jack Kurps

Father Jack Kurps, SCJ
