May 14, 2021

Dear Lynn,

Thank you so much for your generous gift made on 04/28/2021. Your support gives us a chance to surround every youth who comes to our door with the absolute respect and unconditional love that all young people need and deserve.

Every day, I get calls, emails, texts and letters from former residents who tell me they don't know what they would have done without Covenant House. Let me share one with you...

"I'm glad Covenant House is still in the business of helping teens. I ran away from my home after my stepmom passed away. My stepfather became abusive so I ran to the streets.

"I had it hard and got into trouble but persevered. If it was not for Covenant House in those early years, I may not be here today, with a job in the computer industry and my own family. Please keep up the terrific work Covenant House does. I am a success story and there is hope for other teens."

Our mission together is transforming lives. Thank you for believing with me that our amazing young people are resilient and strong. And thank you for standing with youth experiencing homelessness as they pursue the great promise of their lives at Covenant House.

...and every youth who comes to our door with the respect and unconditional love that all young people need and deserve.

With great gratitude,

Kevin Ryan  
President
