Thank you for your donation

Dear Heavenly Brickks,

Your contribution helps DAV offer solutions to ill and injured veterans every day. From providing transportation to medical appointments, to ensuring American heroes get the benefits they deserve, and so much more ... *you make it all possible!*

Dennis lay bleeding on the jungle floor in Vietnam. "Let me die," he remembers saying as his brothers in arms tended to his wounds, fighting to keep Dennis alive.

He lost both his legs and part of his left arm in a landmine explosion. But thanks to DAV — and caring contributors like you — Dennis found new purpose for his life.

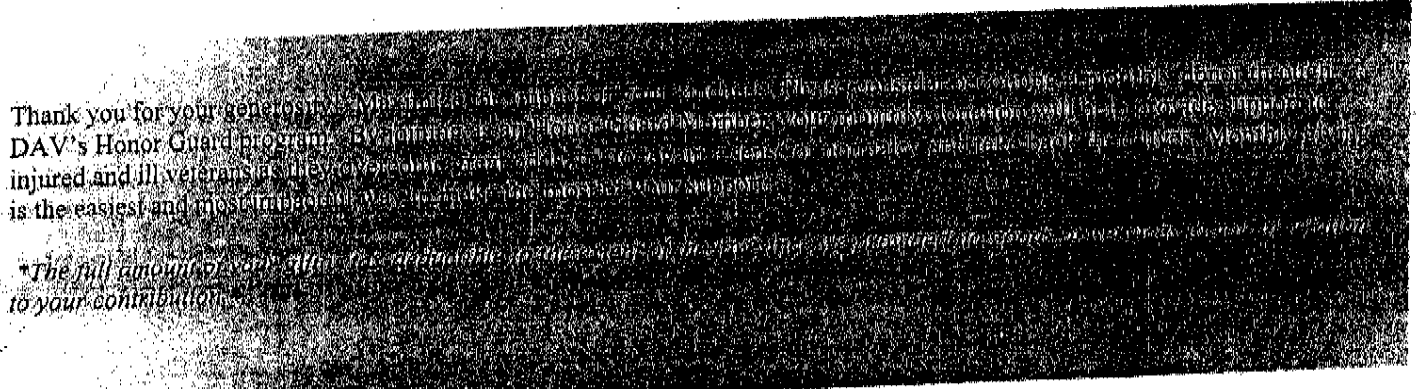

"I got involved in DAV through my mailman, who invited me to my first meeting. Eventually I served in every elected office in my chapter," Dennis says. "I've always kept my focus on what disabled people can do, on solutions rather than problems."

Your patriotic commitment shows veterans that there is hope after they've been wounded in combat. Thank you for helping injured veterans rebuild their lives and create new futures!

With deepest gratitude,

J. Marc Burgess

J. Marc Burgess, DAV National Adjutant/CEO
